

AGILE PROJECT MANAGEMENT FOUNDATION

Sep 27, 2020

[Agile Project Management Foundation](#)

AgilePM® launched in October 2010, extracts the Project Management elements of the DSDM Agile Project Framework and makes them available as Agile Project Management – a certified approach in its own right. This enables experienced Project Managers to adopt a mature, scalable corporate-strength Agile approach within their organisations. This is fully supported by an APMG-led accreditation and certification process, providing accredited training and personal certification in Agile Project ...

Agile Project Management is based on DSDM Atern, which has always been the only Agile method to fully-address the concept of an Agile project, and provides detailed guidance on how to manage and deliver Agile projects. Agile Project Management focuses on the elements of Atern that are specific to the Agile Project Manager; it is important to note that Atern also provides detailed guidance on delivery techniques and solution development, which are outside of the Agile Project Management Handbook.
