

## FAST FORWARD KEY ISSUES IN MODERNIZING THE US FREIGHT TRANSPORTATION SYSTEM FOR FUTURE ECONOMIC GROWTH

Dec 02, 2020

[Fast Forward Key Issues In Modernizing The Us Freight Transportation System For Future Economic Growth](#)

Efficient movement of freight within the United States and across its borders is a critical enabler of future U.S. economic growth. The authors provide an overview of the freight-transportation system and the problems it faces, concluding with a discussion of key system-modernization issues, including increasing capacity, making the system less vulnerable to disruption, addressing environmental concerns, and building support for funding.
