I am having the same problem with my LN52A650 after 2 1/2 years without a problem. Read a lot of comments on various sites about the same problem on this TV and called Samsung today. They have it on their list as a model with a known problem at the time it was manufactured with bad capacitors. They referred me to an authorized service center. I called them and they will have a tech here next ...

It s now late 2015 and my Samsung LN52A650 continues to be perfect. The picture is spectacular and I have had ZERO problems with it - even through 2 moves, one of them cross country. The contrast is great, the colors are vibrant, and there is no noticable blur with fast action sports. It is in the living room. When the wife and I watch a movie on it she still says "What a great TV! Can I have ...
