Key Topics—Enzymes and Metabolism. Remember that the AP Biology exam tests you on the depth of your knowledge, not just your ability to recall facts. While we have provided brief definitions here, you will need to know these terms in even more depth for the AP Biology exam. Enzyme Structure . Enzyme: An organic catalyst; typically, a protein; Substrate: A substance that is acted upon by an ...

[Chapter 8: INTRODUCTION TO METABOLISM](#)

Doing an at-home metabolism test is not going to give you all the information you need to fully understand your metabolism. These tests only test for hormone levels that can affect the process of metabolism – they will not give you information on your metabolic rate. At-home metabolism tests are also not free. While some are cheaper than others, they might not be worth the investment if you ...

This is a Brainstorm detailing the key points of the AQA Biology 8461 syllabus. I have used it as part of a group brainstorming activity, as follows: Group pupils into teams with 4/5 members and ask them to work together to create a brainstorm on metabolism. To support them give them a copy of the 'cue sheet'.
