Sean Beaudoin's The Infects manages to be funny and creepy at the same time, though it should be mentioned that the text is much more goofy than scary. I could see this book blowing up, and there should definitely be a film version made. Beaudoin manages to write a page turner. The Infects is the type of novel you would give to an adolescent who claims to hate reading because there is no way not to enjoy this book.

Sean Beaudoin is the author of three cutting-edge young adult novels, including You Killed Wesley Payne. About The Infects, his first novel with Candlewick Press, he says, "A new study just released by the Mayo Clinic shows that reading about brain munching actually increases teen brain cognition by up to 46 percent. I didn't want to write a book about ravenous zombies, but in light of the study, I felt it was my moral and ethical duty to do so. Also, it was ridiculously fun ...
