In his well researched and carefully cited way, the always erudite and controversial, Hancock delivers a compelling thesis about the "known" (yet untimed) ancient cataclysmic event which changed the face of Mars and effectually "Killed" an otherwise living planet; as well as a possible connection with our planet Earth? He shows that it is highly likely and reasonable to conclude, that whatever happened to Mars, may have had an 'impact' on our fair world, due to the nature of the event and ...
